**Table notes**

Although the headline ranking figures show changes in the data year to year, the pattern of clustering among the schools is equally significant. Some 290 points separate Kellogg / Hong Kong UST Business School at the top, from the school ranked number 100. The first ten business schools,from Kellogg / Hong Kong UST Business School to London Business School, form the top group of schools. The second group is headed by the Ceibs, which would need to increase its score by 5 points in order to move up a group. Top of the third group is the joint programme from Cornell University: Johnson and Queen's School of Business.Some 40 points separate the top and bottom schools in this third group. The fourth group is slightly closer together, separated by 33 points.
