Table notes

Although the headline ranking figures show changes in the data year to year, the pattern of clustering among the schools is equally significant. Some 280 points separate the top school from the school ranked number 60. The top 17 schools, from University of Virginia: Darden to Insead, form the elite group of providers of open enrolment programmes. The second group runs from Columbia Business School to Ibme São Paulo, ranked 42. Eighty points separate these two schools. The third group is headed by NHH.
