Table notes

Although the headline ranking figures show changes in the data year to year, the pattern of clustering among the schools is equally significant. Some 280 points separate the top school from the school ranked number 65. The top 15 schools, from IMD to University of Oxford: Saïd, form the elite group of providers of open enrolment programmes. The second group runs from University of Michigan: Ross to EMLyon Business School, ranked 52. Some 140 points separate these two schools. The third group is headed by Nova School of Business and Economics.
