Table notes

†These data are provided for information only. For schools whose main headquarters are outside the US, figures are based on average dollar currency exchange rates for 2013.
 *Includes revenue from food, **Includes revenue from food and accommodation, ***Aggregate total for open and customised programmes.

□□□Although the headline ranking figures show changes in the data year to year, the pattern of clustering among the schools is equally significant. Some 300 points separate the top school from the e school ranked 70. The top 11 schools, from IMD to University of Michigan: Ross, form the elite group of providers of open enrolment programmes. The second group runs from Essec Business School to Eada Business School Barcelona, ranked 57. Some 150 points separate these two schools. The third group is headed by Grenoble Graduate School of Business.
