Table notes

Although the headline ranking figures show the relative positions of each institution, the pattern of clustering among the schools is equally significant. Some 185 points separate the top programme, HEC Paris, from the school ranked 40th. The top 12 participants, from HEC to Stockholm School of Economics, form the top group of pre-experience Masters in Finance providers. The second group, headed by Peking University: Guanghua, spans schools ranked from 13th to 28th, a range of some 55 points in total. Differences between schools are small within this group. The remaining 12 schools headed by Tulane University: Freeman make up the third group.
