

# Master in Management Ranking 2014

Weights for ranking criteria are shown in brackets as a percentage

**Salary today US\$:** average graduate's salary three years after graduation, US\$ [PPP](#) equivalent (purchasing power parity, see [Methodology](#)). This figure is not used in the ranking.†

**Weighted salary US\$ (20):** average graduate's salary with adjustment for salary variations between industry sectors, US\$ PPP equivalent.†

**Value for money (5):** calculated according to alumni salaries today, course length, fees and other cost.

**Careers (10):** calculated according to alumni seniority and their company's size in terms of the number of employees worldwide.†

**Aims achieved (5):** extent to which alumni fulfilled their goals for doing their masters.†

**Placement success (5):** effectiveness of the careers service in supporting student recruitment, as rated by alumni.†

**Employed at three months % (5):** percentage of most recent class that found employment within three months of completing their course. Figure in brackets is the percentage of the class for which the school was able to provide data.

**Female faculty % (5):** percentage of female faculty. For all three gender-related criteria, schools with a 50:50 (male/female) composition receive the highest score.

**Female students % (5):** percentage of female students on the masters.

**Women on board % (1):** percentage of female members on the school advisory board.

**International faculty % (5):** calculated according to faculty diversity by citizenship and the percentage whose citizenship differs from their country of employment – the figure published in the table.

**International students % (5):** calculated according to the diversity of current master's students by citizenship and the percentage whose citizenship differs from country of study – the figure published in the table.

**International board % (2):** percentage of the board whose citizenship differs from the school's home country.

**Faculty with doctorates % (6):** percentage of faculty with doctoral degrees.

**International mobility (10):** calculated according to changes in the country of employment of alumni between graduation and today.†

**International course experience (10):** calculated according to whether the most recent graduating class undertook exchanges, company internships or study trips in countries other than where the business school is based.

**Languages (1):** number of extra languages required on graduation.

**Course fee (local currency):** Maximum possible programme fees paid by the most recently enrolled class, in the currency of the country where the school is based.

**Course length (months):** average length of the masters programme.

**Number enrolled 2013-14:** number of students who enrolled on the first year of the masters programme in the past year (May 2 2013 to May 1 2014).

**Relevant degree:** whether an undergraduate degree in management, business or economics is required to enrol on the masters programme.

**Company internships (%):** the percentage of the last graduating class that completed company internships as part of the programme.

† Includes data for the current and one or two preceding years where available
